Now #ISTAYATHOME**

*Bonferraro di Sorgà (VR) 23 March 2020* - Alé Cycling, organizer of Alé La Merckx granfondo marathon announces that, as of 23 March 2020, registrations for the 14th edition of the Veronese international cycling sportive will be suspended.

The organizers continue to work for the revitalization of the territory through sport, even if for now they are not able to give certainties on the coming event.

The marathon, scheduled for Sunday 7 June, is not currently canceled, however the unpredictable developments of the Covid-19 are forcing the organization to think carefully for any further steps.

The imperative, in this context, is to act with transparency, timeliness and clarity, as is typical of the Veronese brand, with the aim of making the best possible decisions.

With this in mind, the organization clarifies that at the moment nothing is defined, the event is currently not canceled, careful evaluations are being made and solutions and alternatives are being considered.

To protect and reassure those who have already signed up, both to the Alé La Merckx granfondo and to the European Granfondo Championship, the organization will let you know, within the next few weeks, the decisions taken and the different opportunities.

*Alessia Piccolo, CEO of A.P.G. : "To our athletes, teammates, customers and friends all over the world: protecting your health is our first goal. The wish for everyone, at this moment, is to not give up, to bring out that determination that has always distinguished us in difficult times. Come on, let's get up on the pedals and face this ascent with grit! "*
